CONFERENCES:
10/17 & 10/19
5:00 - 8:00 PM
GYM & CAFETERIA

If you cannot make either of the days and are interested in speaking, please email me to set-up a time to meet or have a phone conference.

NEXT TOPIC:
CHAPTER 3 +, -, X, /
FRACTIONS

HOMEWORK & QUIZZES
= 20%
TESTS = 80%

Homework Streaks

Snapchat streaks count the number of days snapchats have been sent between best friends. Now, your student might not identify me as a best friend, but we have a streak. Every homework assignment that is turned in complete and on time adds to the streak. Once a student reaches 10, 20, 30, etc., a small prize will be given. At the end of the year, students who have a perfect streak will be entered into a drawing for a bigger prize! If the streak is broken due to a missing assignment, the assignment is still expected to be complete. However, the streak will return to the nearest 10. For example, a student misses assignment 18, the streak will go back to 10.

Test Corrections

Test Corrections are available on all tests! A student is eligible to correct the test if all assignments are turned in. Corrections must follow this criteria:
- Must be on a separate sheet of paper.
- Original test must be attached.
- Each question's number should be clearly labeled.
- The right answer should be paired with two sentences explaining what is being fixed and prove your understanding.
-All corrections are due within ONE week of the hand back date.
- Corrections earn back half credit.

Homework

Reminder: Homework is not a daily occurrence and should not take your student any more than 30 minutes to complete. The homework schedule is updated weekly on the course website. See the Calendar page on the website for the schedule and important dates.
